

Don Efflorescence Cleaner

Acid efflorescence cleaner

Description

Don Efflorescence Cleaner is a liquid applied cleaner that chemically breaks down and removes efflorescence, salt deposits, lime stains, and rust from concrete, brick, pavers, and other masonry surfaces.

Applications

Don Efflorescence Cleaner can be safely used on a wide variety of building materials and architectural structure such as:

- ▲ Concrete.
- ▲ Blocks.
- ▲ Bricks.
- ▲ Cementitious plaster.
- ▲ Pavers.

Advantages

- ▲ Single component.
- ▲ Ready to use.
- ▲ Ideal for environments with high levels of salt air which can naturally create high calcium deposits.

Method of Use

Before use, remove any loose debris from the work surface and ensure you have adequate personal protection. Use a stiff bristle brush to sweep down the affected area.

With a hose, wet the wall surface with clean water. Immediately spread the product with a sponge, brush or sprayer. Leave the mixture to dwell for 2 - 5 minutes then hose off with clean water immediately.

In cases of heavy contamination it may be necessary to repeat this procedure.

Do not allow the product to dry on the surface.

As a final step, use detergent to neutralize the acid then wash it with clean water.

Technical Properties:

Colour:	Clear liquid
Specific gravity:	1.05 ± 0.1

Cleaning

All tools should be cleaned immediately after application with clean water.

Packaging

Don Efflorescence Cleaner is available in 25 litre drums.

Coverage

15 – 30 m² per litre, depending on the extent of contamination.

Storage

Don Efflorescence Cleaner has a shelf life of 12 months from date of manufacture if stored in dry conditions at 25°C in original unopened packs.

If these conditions are exceeded, DCP Technical Department should be contacted for advice.

Cautions

Health and Safety

Don Efflorescence Cleaner should be handled with care. Avoid contact with skin or eyes.

In case of accidental contact, rinse immediately with clean water and seek medical advice. Suitable protective gloves and goggles should be worn.

For further information refer to the Material Safety Data Sheet.

Fire

Don Efflorescence Cleaner is not flammable.

Don Efflorescence Cleaner

More from Don Construction Products

A wide range of construction chemical products are manufactured by DCP which include:

- ▲ Concrete admixtures.
- ▲ Surface treatments
- ▲ Grouts and anchors.
- ▲ Concrete repair.
- ▲ Flooring systems.
- ▲ Protective coatings.
- ▲ Sealants.
- ▲ Waterproofing.
- ▲ Adhesives.
- ▲ Tile adhesives and grouts.
- ▲ Building products.
- ▲ Structural strengthening.

Note:

We endeavor to ensure that any advice, recommendation or information we may give in product literature is accurate and correct. However, due to the fact that we have no direct or continuous control over where or how the products are applied, DCP cannot accept any liability either directly or indirectly arising from the use of DCP products, whether or not in accordance with any advice, specification, recommendation or information given by us.
