

Gripdeck 200U

UV stable, hard-wearing traffic coating system

DESCRIPTION

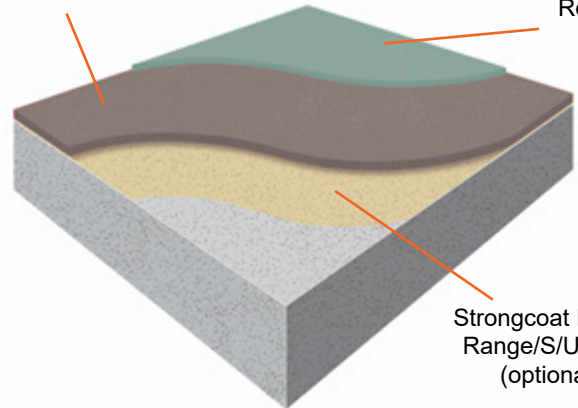

Gripdeck 200U System is a UV stable, hard-wearing traffic coating system for car parks and ramps. It is specially designed to provide decorative, slip resistant, high chemical resistant and hard wearing floor system.

The systems consists of the following component:

- i. **Strongcoat HB:** a two component, high build, solvent-free epoxy resin coating with excellent resistance to abrasion and chemical attack.
- ii. **Antislip Aggregate:** a hard-wearing quartz aggregate for producing an anti-slip finish.
- iii. **Recoat P:** a two component, UV stable protective coating that is applied as the final coat for areas exposed to UV light. It is specifically formulated for areas that will be exposed to sunlight or other sources of UV light.

Strongcoat HB
+ Antislip Broadcast

Recoat P

Strongcoat Primer
Range/S/UN101
(optional)

APPLICATIONS

Gripdeck 200U System is designed for application in different exposed traffic areas and ramps exposed to sunlight or other sources of UV light.

ADVANTAGES

- » High chemical and mechanical resistance.
- » UV stable.
- » Available in a wide range of attractive colours.
- » Easy application.
- » High build.
- » Cost effective.

PRODUCT INFORMATION

Application	Refer to the Method Statement and Technical Data Sheets of the individual products.
Packaging	Refer to the individual product Technical Data Sheet.
Shelf Life	Refer to the individual product Technical Data Sheet.
Storage	Refer to the individual product Technical Data Sheet.

Layer	Product	Thickness
Primer*	Strongcoat Primer Range/S OR Strongcoat UN101	Optional
Base coat	Strongcoat HB (2 coats)	200 - 250 microns per coat
	Antislip Aggregate #3	0.1 - 0.5 mm
UV stable topcoat	Recoat P	200 micron

* for highly porous substrates.

CAUTIONS

HEALTH AND SAFETY

Strongcoat HB, Repcoat P, Antislip Aggregate and Strongcoat Primer Range/S/UN101 should not come in contact with skin and eyes.

In case of accidental splashes to the eyes, wash immediately with clean water and seek medical advice.

For further information refer to the Material Safety Data Sheet.

MORE FROM DON CONSTRUCTION PRODUCTS

A wide range of construction chemical products are manufactured by DCP which include:

- » Concrete admixtures.
- » Surface treatments
- » Grouts and anchors.
- » Concrete repair.
- » Flooring systems.
- » Protective coatings.
- » Sealants.
- » Waterproofing.
- » Adhesives.
- » Tile adhesives and grouts.
- » Building products.
- » Structural strengthening.
